

# Elk Grove Village Candidates Win

Elk Grove Village residents stuck together at the polls on Saturday resulting in a close shave of their candidates for three vacancies on the Elementary School Dist. 29 board of education.

While the largest section of the school district is in Elk Grove Village, the district in the past has selected the majority of its trustees from either Mount Prospect or Des Plaines.

The trend was reversed as the three winners, all from Elk Grove Village, stacked up heavily to elect their Mount Prospect opponents.

Winning terms on the board were Harry Peterson, Charles A. Stankly Jr. and Frank J. Dillion, all of Elk Grove Village. Defeated were Berly Mark and George P. McHugh and Prospect.

Following are the candidates...

Successful High School Dist. 214 candidates receive congratulations from their friends and wives. From the left, new board members are Raymond Erickson, Mrs. Ethel Beal and Frank Bergene. Standing are, from the left, Mrs. Erickson, Beal and Mrs. Bergene.

# High School Board Election

BY MAXINE TYNA  
Raymond Erickson, Frank Bergene and Mrs. Ethel Beal were elected Saturday to the Board of Education of Township High School Dist. 214.

Incumbent Erickson, of 401 Inwood, was re-elected to a second year. Bergene, of 613 N. Pine, Mount Prospect, received 1,448 votes and Mrs. Beal, of 1303 Cedar Ln., Mount Prospect, received 1,292 votes.

# Chief Denies Confiscating 'Bad' Book

Mount Prospect Police Chief Harold Emswold has emphatically denied that his department has confiscated a controversial book on the public library.

Reports published over the weekend in another newspaper accuse the police of confiscating the book "Lies That Men Tell" by James H. Jones.

Emswold said that the book was brought to the police department's attention through the complaint of a private citizen.

# College Book Reports on Opportunities

"College Opportunities for Minority Students," a book containing up-to-date information on more than 12,000 scholarships available to minority high school graduates, is now available in a 1967-68 edition.

A guide to the sources of financial aid, the book is available for 75 cents from Educational Opportunity Unlimited, 1524 N. Cooper, Peoria.

# Girl, 17, In Good Condition After Car Crash

Nancy Nelson, 17, of 1009 Forestry Rd., Arlington Heights, is listed in good condition in Holy Family Hospital for injuries received in an auto accident in Mount Prospect on Monday.

Nelson was a passenger in a car driven by Deborah Axtell, 17, of 622 N. Pine, Mount Prospect, who was treated at Holy Family Hospital for injuries.

# Youth Snatches Purse, Escapes

Arlington Heights police recovered a purse that was taken from a woman in a Mount Prospect shopping plaza Thursday.

Mrs. Jo Ann Dean of 1114 Forest St., Mount Prospect, told Mount Prospect police that a youth had snatched her purse.

Established Code  
of Ethics

Notion is predominant in real estate who subscribes to a strict Code of Ethics as a member of the local and state boards, and of the National Association of Real Estate Boards.

**REALTOR'S PLEDGE**

Perhaps the best summary of the high ideals which the Realtor embraces is contained in his Realtor's Pledge:  
I AM A REALTOR  
I Pledge Myself:  
To protect the individual right of real estate ownership and to widen the opportunity to enjoy it;  
To be honorable and honest in all dealings; To seek better to represent my clients by building my knowledge and competence;  
To act fairly towards all in the spirit of the Golden Rule;  
To serve with my community, and through it my country;  
To observe the Realtor's Code of Ethics and conform my conduct to its lofty ideals.

The Realtors Who Advertise On These Pages Stand Ready To Serve You!

**BE SURE..**  
When you are buying or selling real estate, a good way to be sure that you are doing the right thing is to transact your business through a Realtor.

Are you planning to buy or sell real estate? If so, here's the most important fact you should know before making any kind of real estate transaction. It's this: Not every real estate man or woman is a Realtor! You see, Realtors are professional real estate men and women who are members of the National Association of Real Estate Boards and the Northwest Suburban Board of Realtors. These men and women also subscribe to the professional standards of an established code of ethics. What does all this mean to you? Exactly this: When you sell... a Realtor is able to tell you accurately what your real estate is likely to bring... and able to market it for you as quickly as conditions warrant. When you buy... a Realtor is able to find property for you which meets your needs and pocketbook. A Realtor is ready and willing to put his storehouse of real estate knowledge and information at your service. Visit or phone him. A Realtor is not "just another real estate man." He's a member of your local real estate board and thus of the National Association of Real Estate Boards. Only by this affiliation is he permitted to use the trademark, REALTOR.

# Wheeling Dumps Knights Prospect Trackmen Bow

BY DALE HOFFMAN

Wheeling High School chilled Prospect's bid for its first outdoor track victory yesterday, dumping the Knights 73-54 on the Wheeling Sophomore Show. Coach Henry Doherty headed a cast of seven Wildcats which claimed first places in individual events, while Prospect had to settle for five individual firsts and one relay victory.

Doherty became the only double winner of the meet by capturing both the 100- and 220-yard dash honors, although the 100-yard dash was a 32.7 timing and anchored Wheeling's winning mile relay team which also included Steve McVittay, Al Ellis, and John Hays.

The meet was marked by eight tight races, with both of which ended in a draw. One of them pitted Prospect's Steve Holden against Wheeling's Phil Smith in a battle of promising junior middle-distance men.

Smith won the first round by edging Holden in the 800-yard race, but Holden came back to win the mile, relegating Smith to second.

The other match law Wheeling's Tom Johan beat Prospect's Paul Partridge in the mile, while Partridge was in the high hurdles, Patricks reversed the decision in the low.

Smith was back to second in the 1,600-yard race, but Holden came back to win the mile, relegating Smith to second.

## Donahue, St. Viator Nine Whitewash St. Ignatius, 3-0

Whip-worn Jerry Donahue five-fulled St. Viator to a 3-0 Chicagoan Prep League baseball victory over St. Ignatius yesterday, striking out 11 batters and allowing only two hits. He walked one, but never in serious trouble after the Lums opened up as a first-inning lead.

ST. IGNATIUS whittled two pitchers trying to slow down the Lions, who collected seven hits but didn't draw a walk.

Eight of the winners whiffed. A part of him, a victim here, and an error gave the Lions the go-ahead run in their first at-bat. Jack Bravley opened with a single and went to

## Some Day

... by Frank E. Von Ars

"Our state legislatures are ahead of the game for the first time in their lives," said Uncle John Blumhardt, exclusive contractor for the printing of referendum ballots.

"They have turned the governor's mansion into apartment" said his friend, Zee-as-Fish.

"More progressive than that," said Uncle John. "They have given our school systems the authority to update textbooks almost as often as accountants discover a new gem."

"Keeping our books up-to-date is important. The libraries in Mount Prospect may have to travel to France or Sweden to keep ahead of the schools."

"Last night several books erupted when a dignified poet of the Mount Prospect Library selected a book at random and gapped."

"The novel is question was written by an ex-actor who must have been in one of those forget that little children and old ladies are some of the library's best customers."

"I fell to see," interrupted Zee-as-Fish, "how our legislators can claim credit for something in the library?"

"They have opened the door for school books to keep abreast of developments in the world," said Uncle John.

"The mass trouble some seem to be creating between Dennis the Menace and Lord of the Flies is a sign that adults read between lines of Playboy?"

"I fell to see," interrupted Zee-as-Fish, "how our legislators can claim credit for something in the library?"

## Vantage Point

... by Jack Vandermyn

Most of the romance, most of the hopes and most of the progress in the practice of law goes to the defender—the attorney who represents the oppressed before the bar of justice.

The Perry Mason stories have done more to build the image of the great defender, perhaps, than any other novel. Most of the great fictional lawyers have been on the side of the defendant.

The prosecutor, on the other hand, is pictured as the villain, the heavy, most court room dramas. The place goes to the F. Lee Bailey, the Red

Falcons, the Clarence Darrows, not to the prosecutor. Even as the highly emotional dramatic Richard Speck murder trial underway in Peoria, the reporter characterizing the defender as flamboyant and the prosecutor as dignified and just.

This could be one reason that Arlington Heights attorney Donald L. Norman is regarded the Court Convict Society's Principal Agent.

The leading group will hold its annual convention in Mount Prospect at Gensel's tonight.

NORMAN is no stranger to organizing attorneys into co-

operative, hardworking groups. With his former law partner William J. Moore, Norman organized the Northwest Suburban Bar Association, a dedicated group of practicing attorneys from the suburban area.

The Northwest Suburban Bar, now headed by Ted Berg of Prospect Heights has done much to help build the image of the attorney as a professional practitioner.

Bringing the image of the attorney in line with the responsibilities of the position. It is also more than

Norman has at mind is the prosecutor's association.

practicing in the suburban courts will be able to exchange information and techniques on trial law and courtroom procedure.

It must be understood that under the new judicial amendment, all of the county courts are under the jurisdiction of the appellate courts.

The OLD days of the justice of the peace and the judge of the court are past. Under the new system, the justice of the peace is merged with the judge of the court.

The majority of practicing attorneys in suburban courts are practicing attorneys who take on the prosecutor's duty as a part-time activity.

Norman, for example, works the village of Wheeling one day a week and handles all of the village's court cases, ranging from simple traffic violations to drunken driving charges.

INCREDIBLE cases, brought by the state, the prosecutor is handled by a full-time state's attorney. Most successful practicing attorneys have their own law firms or as in the case of the state's attorney, they represent the people of the state. But what is a general practitioner's association on the side of the defendant?

The courtroom role of the prosecutor is often misunderstood. It is his responsibility to represent the people of the state. But what is a general practitioner's association on the side of the defendant?

There are many cases on record where investigation by the prosecutor brought the defendant to a finding of innocent. Perhaps the new-found prosecutor's association will be able to bring such material to public attention.

## Champion Hoofers

It comes as no surprise to learn that the postmen walk miles in the swift completion of his appointed rounds that day.

Postmen, strapped to the legs of 15 mailmen showed they averaged 20 miles daily in delivering the mail. Second to them were policemen, the best, who averaged 18 miles.

What may be surprising, however, is that the No. 3 spot went to hospital nurses, who traded an average of 15 miles per shift (including to everyone but nurses, that is).

Another big surprise was the bartender at the local pub. His daily walk to keep all those glasses filled came to 10 miles. Waiters and door-in-door salesmen registered 13 miles. Chorus girls, hoofing it for three shows a day, averaged seven miles.

Other averages included waitresses, 11 miles; housewives, 6.5 miles; stevedores, 4 miles.

These statistics were concocted by Dr. Harold Schwartz, director of research and development for the Menomon Company, a firm that studies on the company's foot products.

According to the doctor, Americans walk an average of 8,000 miles in a lifetime, more than 2 1/2 times around the globe.

If you play golf, the figure may be a bit higher. The statistics show it takes an average of nine miles of walking to fill 18 holes with little white balls.

### Fashionable Suggestions For Friends or For You

BY BETTY ANSELLE

There are just stores — and then there is the special store at Country Customs in Des Plaines and Arlington Heights. Owned by Mr. and Mrs. Johnson, Suburban lighting and old-fashioned decorations make this the most attractive of spots for gifts. Here you may have a dress custom made for you if you are the hard to fit or please type.

A wide selection of ready-made dresses — California type fashions also are here and prices start at \$13.95.

If you're searching for something special in hats, Country Customs carries hats styled by Mr. John.

It was in this shop I saw some really different and lovely antique jewelry. There are large lockets, bracelets, beads and Victorian-looking rings. All moderately priced. All would be a conversation piece in the water.

WHEN YOU step out of the Country Customs you step into Me and Pa's Candy Store. Something new at this "vintage spot in town" are 1-cup chocolate. Perfect for the trade name and this special chocolate can be found, bursting with nuts and wrapped in silver foil — these individual pieces sell for 10 cents. Or a whole chocolate egg repays a large sized egg cost for \$1.69 or in a smaller, chicken-sized egg cost for \$1.29.

IF YOU'RE having guests for dinner and would like to serve something special in the way of rolls try Mayers Hot Bread. In either cinnamon or plain enriched bread you can take these rolls from the freezer and bake in a matter of minutes. Sizes and prices and the fragrance of fresh bread in an added appetizer to your company. At 49 cents for the two loaves it is irresistible.

JANE COLBY is a well known name in clothes, especially popular with the suburban housewife. Carol Canah at 17 W. Campbell in Arlington Heights has this ready-to-wear in slippers and with these shirts they come in pairs (one something special in a bright orange design or bold solid color for \$1.99 and there are matching shorts for \$1.99 too).

The shorts come in three different lengths and match perfectly with the blouse.

DO YOU delight in figures which seem to tell a story? Figures so exquisite in detail that feathers, hair or leather must be touched to describe them? They are actually sculptured in porcelain they mean no rest.

Bonito figures are something special and rare. Rubie at 24 S. Duane here just completed a line of these truly lifelike figures. As old maid and girls, as old man's head complete with neckties, beard and mustache and pipe with his hand tucked regularly to one side.

Stop in and see them, they are sculptured by Signor Antonio Bonito and colors are sublimed and pleasing.

## Promenade Location Changed

Mrs. John Flaherty and Mrs. Carl Behrens, co-chairmen of the spring luncheon for the Arlington Heights Woman's Club, are finalizing plans for the luncheon which will be held Wednesday, April 27 at Cherry Chase Country Club.

Because of the fire at the Villa Venetia the committee had to scramble to locate a new location for the luncheon.

"Promenade Promenade," the theme of the luncheon, will be carried out through the decorating of the room and tables with the various spring blooms which will be available according to Mrs. Paul C. Smith, Jr., decorations chairman.

MRS. F. W. Hamilton, social hour chairman, announces the luncheon will begin at 11 a.m. and luncheon will be served at 12:30 p.m. at tables which will accommodate, in person.

"The Spring Fashions" will entertain the members and guests of the club. Tickets may be purchased from Mrs. Wendell Freasy, CL 3-7125, Tuesday, April 28.

# Committee's Recommendations for Dist. 25

The Dist. 25 Citizens Committee has released a 10-point list of recommendations to the Arlington Heights elementary school board.

Norval P. Stephens Jr., chairman of the Citizens group, formed last fall after the defeat of a referendum, presented the list of recommendations Monday with the Committee's recommendations.

Top of the list was the proposal that the board present a referendum regarding the 26 kindergarten-through-grade classrooms and a new junior high school in June.

A building management referendum, the Citizens suggested, should be postponed un-

til after a maintenance study is made to determine "what is needed" for the district's schools.

How much money would be needed to staff schools increased by the construction referendum and the price of necessary capital improvements were listed by the Citizens in questions which could be answered before the building maintenance tax rate should be increased.

OTHER points in the Committee's recommendations:

"No educational fund tax rate should be proposed this year. When such a tax rate hike is requested depends on

the level of education program. Based on the present level the tax hike could come in 1969. As improved programs would mean a tax rate increase.

"The district, which is described as "not an innovative one" in the field of educational programs, should appoint a director of research and development to work on new projects.

"Salaries should be arranged according to a policy which includes three basic steps: keeping salaries competitive with surrounding public schools; closing the pay between salaries for male teachers and what they could

receive in industry; reward teaching abilities on a merit scale; reward teachers of clerical duties; consider employing teachers on a 12-month year.

Among the remaining recommendations—on contracts to consider operating schools 12-months a year and updating the maintenance report.

FEES, the Citizens recommended, should be charged for home economics, industrial arts, kindergarten and other classes which benefit a few pupils.

The district's warning program, the Committee suggested, should be curtailed to

a minimum. Remaining recommendations asked the board to call consultants "specialists," team teaching "co-ordinating teachers," special education "exceptional child education" and the building fund "maintenance fund."

Members of the Committee estimate that slightly under two years of work went into the Citizens' final report.

Schools in the district include Dryden, Dalton, Dwyer, Grandview, Ivy Hill, Kensington, North, Olive Park, Ridge, Washington, Windsor and South, Miner and Thomas junior high schools.

## Large and Small And In Between

A Rolling Meadows yard, Deers Avenue of 3011 Street, has a kite two inches long by 1 1/2 inches wide in the Park District's recent model school contest.

Dwain's brother, Gary, flew the largest kite in the contest, 8 ft. long by 6 ft. wide. He also took first place in the Standard Kite with a Tail category. Second and third places in the Tail category went to Don Head of 3920 S. Wren Ct. and Bill Miller of 3611 Forest Ct., respectively.

Miller also won first place in the Standard Kite Without a Tail. Second and third places in this category went to Paul Felt of 3621 Galt Ct. and Ron Felt of 2798 Confair Dr., respectively. The most artistic kite in the contest was flown by Ewald.

Jeff Emerson of 3066 Pleasant with a fish-shaped kite and Mark Emerson with a bat-shaped one shared the Most Unusual category.

## Meadows Budget Sees Red

The Rolling Meadows City Council is going to have to slash the 1967-68 budget proposals of one-half million dollars through additional taxes.

And this will have to be done in spite of the fact that the city's assessed valuation is up about \$1,000,000 over last year.

A preliminary budget estimate was handled last week by the finance committee at Tuesday night's Council meeting.

A terse note at the end of the estimate warned "we should reduce our budget estimate to the amount of \$41,504 or we will have to raise additional taxes in an equal amount."

The budget estimate was compiled by the city's various department heads and City Manager R. D. Hennig.

ADMINISTRATIVE appropriations amounted to \$17,244, up \$1,700 from 1966-67 budget. The police department request was for \$2,140, an increase of \$2,000 over last year.

The budget estimate for the city's total estimated revenue is \$100,770, based on an assessed valuation of \$18,000,000. The report noted that the possibility of the valuation reaching this amount was "rather remote."

SINCE THE budget estimate was prepared, Hennig has learned the city's valuation has been set at \$18,012,444, which will provide about another \$9,000 in estimated revenue not figured on in the budget estimate.

But even so the amount of money the department heads say they need for the coming year, already estimated, exceeds the amount available. An ordinance was passed allowing the transfer of funds from the various city accounts to close out the budget for the year.

We should wind up the year with \$20,000 in the black," said finance committee chairman James F. Watson. "But we will need more than that to get us through the coming year."

## Park District Citizens Committee Proposed

The Arlington Heights Board of Park Commissioners has decided to form a citizens committee to study a proposed referendum. At a Tuesday meeting they also voted to share a new park site with Prospect Heights School Dist. 25.

Charles B. Cronin, president of the board, said the formation of a citizens advisory committee should help present the district's needs to the people and prepare them for the referendum.

The committee will study the report now being prepared by Dr. Ian Parker, of the University of Illinois, and will make recommendations to the board. Dr. Parker is expected to have his report ready early next May. It will have been recently accepted, four days in Arlington Heights studying all the existing recreational facilities and programs.

The board will also distribute to the voters a brochure outlining the park district effort.

IN ANOTHER resolution, the Park District voted to share a future park site with the Prospect Heights School Dist. 25.

The park district has already bought from Dist. 25 a tract of land for about \$17,000. Dist. 25 will provide the other 34 acres of land, but the park

Board Members To Tour Dist. 25 Schools Saturday

The Arlington Heights elementary school board will tour Dist. 25 schools Saturday.

The annual tour is designed to acquaint new school board members with the district's physical plant.

The board members are expected to survey "available" schools in the district, including Dryden, Dalton, Dwyer, Grandview, Ivy Hill, Kensington, North, Olive, Park, Ridge, Washington, Windsor and South. Miner and Thomas junior high schools.

I Pledge Myself  
To protect the individual right of real estate ownership and to widen the opportunity to enjoy it;  
To be honorable and honest in all dealings;  
To seek better to represent my clients by building my knowledge and competence;

The Realtors Who Advertise On These  
Pages Stand Ready To Serve You!

**BE SURE ..**  
When you are buying or selling real estate, a good way to be sure that you are doing the right thing is to transact your business through a Realtor.

Are you planning to buy or sell real estate? If so, here's the most important fact you should know before making any kind of real estate transaction. It's this: The only real estate man or woman is a Realtor! You are. Realtors are professional real estate men and women who are members of the National Association of Real Estate Boards and the Northwest Suburban Board of Realtors. These men and women also subscribe to the professional standards of an established code of ethics. What does all this mean to you? Exactly this. When you sell ... a Realtor is able to tell you accurately what your real estate is likely to bring ... and able to market it for you on the best conditions possible. When you buy ... a Realtor is able to find property for you which suits your needs and pocketbook. A Realtor is ready and willing to put his storehouse of real estate knowledge and information at your service. Visit or phone him.

A Realtor is not just another real estate man. He's a member of your local real estate board and thus of the National Association of Real Estate Boards. Only by this affiliation is he permitted to use the trademark, REALTOR.
